

Advent 1 - Amazing me!

This half term we are learning all about ourselves. We will be talking about things that make us unique, our families and our likes and dislikes. We will also be learning about people who help us! Please discuss these things as a family at home. These are some activities you can do with your child at home. Please choose 2 or 3 and share them with us. Please email any photos to s.makings@olseacademy.org.uk and have lots of fun!

How can you make your face in a pizza?

We are going to be talking lots about what we look like this half term. Can you make a pizza with your face on it? Think about what different ingredients you could use for your eyes, nose and mouth? Please take photos.

How can you write your name?

It is very important that we practice writing our names. If you can already write your first name you could practice writing your surname. Try writing it in different ways, eg in sand, in a steamed up mirror, with chalk on the pavement.

Which numbers do you notice in the world around you?

What number house do you live at? Which number bus do you catch? What is your favourite number? Numbers are everywhere! Go on a number hunt and see how many different numbers you can find! Please take photos.

How can you get yourself dressed?

In Reception we need to be able to get dressed by ourselves. Practising getting dressed in the morning is very important to help us do this. Don't forget to practice putting your shoes and coat on too!

Who do you know that helps you?

We are learning all about different people who help us. Could you draw a picture of someone who helps you? It could be; your parent, a friend, a doctor, a dentist or anyone else you can think of.

Don't forget...

Make sure you read your reading book **every day**. Please remember to get your reading diary signed **every time** you read. You will also get some key words to practise too.
